

About Inclusive School Rules

Inclusive School Rules should use language that is as accessible as possible to ALL children in your school. You may want to consider displaying two sets of school rules, one written and one pictorial or integrate PECS (Pictures) or symbols alongside the text.

You might also wish to consider abbreviating the rules to something simpler to display in the classroom. For example, an abbreviated set of rules could be:

- Be happy
- Be kind
- Be polite
- Listen
- Work hard

A decorative border of yellow stars of various sizes surrounds the central text box. The stars are scattered across the top, bottom, and sides of the page, creating a festive and child-friendly atmosphere.
